

## Family Engagement

We define family engagement as the shared responsibility of families, schools, and communities for student learning and achievement.

## Core Beliefs

- 1) All parents have dreams for their children and want the best for them.
- 2) All parents have the capacity to support their children's learning.
- 3) Parents and school staff should be equal partners.
- 4) The responsibility for building partnerships between school and home rests primarily with the school staff, especially school leaders.

Newport News Public Schools, and the parents of the students participating in activities, services, and programs funded by Title I, Part A of the Elementary and Secondary Education Act (ESEA) (participating children), agree that this compact outlines how the parents, the entire school staff, and the students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership that will help children achieve the State's high standards. In December of 2015, President Obama signed the ESSA which reauthorizes ESEA and replaces No Child Left Behind. 2016-2017 is a year of transition for ESEA to ESSA. ESSA will go into full effect for the 2017-2018 school year.
