SPREADING A LOVE OF LEARNING!

January 28th, marked the beginning of our second semester of school! We are in love with learning! There are so many great things taking place in the classrooms and it is very heart-warming to see students grow and develop before my very eyes! We are fostering a love for literacy and understanding and making connections with numbers. Simply put, we are ensuring our students are college, career and citizen-ready!

Our students have transformed into authors,

mathematicians, engineers and scientists and cannot only show their learning, but can articulate their new knowledge!

Of course, all of this phenomenal success could not happen without your support. We appreciate you sending your child to school daily ready to learn. Your partnership is priceless and we look forward to your continued support as we move into this second semester.

Yours in Education,
Mrs. Harris
